RENAS

Norges ledende EE-returselskap

Førti prosent av alt EE-avfall ble samlet inn av RENAS

RENAS samlet inn 60 279 tonn elektrisk og elektronisk avfall (EE-avfall) i 2013, en økning på hele 14,7 prosent sammenlignet med året før. Siden oppstarten i 1999 har RENAS samlet inn over 630 000 tonn EE-avfall. Mengden tilsvarer hele 63 Eiffel-tårn! Ingen land i verden er så flinke til å samle inn og gjenvinne kasserte EE-produkter som Norge.

Tall fra EE-registeret viser at de fem godkjente EE-returselskapene samlet inn nesten 146 000 tonn EE-avfall i Norge i 2013. Det tilsvarer ca. 28,6 kilo EE-avfall per innbygger. RENAS' andel av den innsamlede mengden utgjør 41 prosent.

93 prosent av EE-avfallet som RENAS samlet inn i 2013 har gått til gjenvinning. 84 prosent er brukt i nye produkter, mens 9 prosent gikk til energigjenvinning.

Ca. 60 prosent av alt EE-avfall som RENAS samler inn er jern, og metall kan støpes om og om igjen. Metall fra kasserte EE-produkter kan blant annet brukes til armering i broer, betongkonstruksjoner, bygg og tunneller. Gjenvinningen sparer miljøet for store CO₂-utslipp. For eksempel krever gjenvinning av aluminium bare fem prosent av den energien som ble brukt ved førstegangsframstilling av aluminium.

Tre av fem har valgt RENAS

Første mai i år var det totalt 4808 medlemmer i alle de norske returselskapene. Av disse var 2915, eller 61 prosent, medlem i RENAS. Gjennom medlemskapet i RENAS oppfyller bedriftene det lov-pålagte produsentansvaret i avfallsforskriften.

I løpet av 2013 tegnet 161 bedrifter medlemskap i RENAS. De fleste av disse bedriftene har valgt RENAS som sitt returselskap etter først å ha blitt kontaktet av EE-registeret som på vegne av myndighetene følger opp at produsenter og importører oppfyller sine forpliktelser.

Et medlemskap i RENAS skal være enkelt, rimelig og forutsigbart. Som eneste EE-returselskap har RENAS samarbeid med tollmyndighetene om innkreving av miljøgebyr. Dette innebærer at miljøgebyr beregnes automatisk når speditøren deklarerer gebyret ved innfortolling av varene.

Medlemmene i RENAS betaler kun miljøgebyr på de varene som produseres eller importeres til Norge. Det er ingen faste årlige kostnader eller tilslutningsgebyr. RENAS er et non profit-selskap og de siste årene har økt medlemstilslutning og effektiv drift kommet medlemmene til gode i form av reduserte miljøgebyrsatser.
